Why is the R-MF Rezone a problem?

It's One Step Closer To The 2040 Land Use Map That **Dramatically Densifies** Hayden!

On August 15th at 5pm the Hayden P & Z commission will have a public hearing on a city-wide rezone of 500+ "residential multi-family" (R-MF) parcels. This is a step toward adopting the 2040 future land use map.
